

Authenticate and Register your Drinking Water Filter

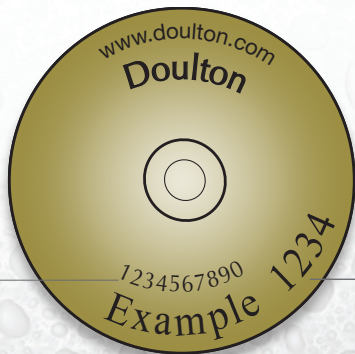

**AUTHENTICITY
GUARANTEE**

The unique 10 digit authenticity code printed on your water filter enables you to authenticate and register your product directly with the manufacturer.

This gives you the reassurance that you have purchased a genuine product that has been precision made, in England, to the highest standards.

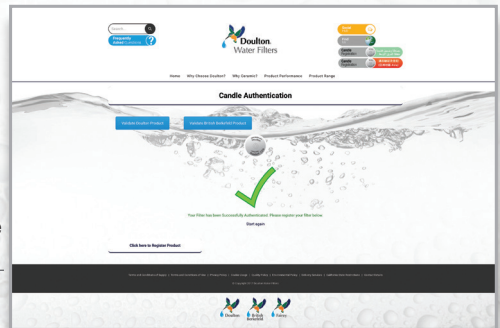

Authenticity and registration can be completed online by visiting:

www.doulton.com

Unique
Authenticity
Code

Product
Reference
Code

To ensure an accurate match with the manufacturer's database please, carefully, input both the Product Reference Code and the Unique Authenticity Code (indicated above) and follow the instructions on screen.
