

State Restrictions and Products Available for Sale

Certain restrictions apply to the sale and marketing of Doulton® and British Berkefeld® water filters in the states of California, Iowa and Wisconsin. In these states, under the Doulton® brand name, only the Doulton® HIP/Ultracarb® Inline, Doulton® QT/Ultracarb® Inline and Doulton® Ultracarb® elements have been tested and certified for sale.

In these states the following filtration claims are made for these products:

Particulate Reduction: Class 1

Giardia & Cryptosporidium: >99.99%

Chlorine taste and odour (2ppm):>96%

Lead (150 ppb): 97.3%
